

GETC Transport (Freight Handling); SAQA 59300; NQF Level 1; 122 credits

Purpose and target audience

This qualification will provide learners with entry-level knowledge, skills and attitudes for the transport and logistics sector of the South African economy. This qualification will assist the transport industry to meet the demands of the future and enable employment opportunities contributing to the growth of the South African economy. Whilst this National Qualification was designed with the transport and logistics industry in mind, the largely generic nature of the qualification will also equip learners to enter the world of work in a number of industries, as it provides for vertical and lateral articulation within the transport industry and other sectors of the economy.

Exit level outcomes

1. Communicate in a variety of ways and interact with internal and external workplace role-players.
2. Use mathematical conventions to solve personal problems and undertake workplace calculations for operational purposes.
3. Understand and explain the composition of the supply chain in relation to its role in the transport industry.
4. Apply the relevant health, safety, security and environment legislation, policies and practices in the transport industry.
5. Demonstrate life-skills and entry-level workplace skills in the transport environment.

Learning assumed to be in place

Communication and Mathematical Literacy at ABET Level 3 or equivalent.

Module: Workplace communication (24 credits)

US Type	US ID	US Title	Level	Credits
Core	252244	Describe the impact of customer service on a business	1	6
Fundamental	119640	Read/view and respond to a range of text types	1	6
Fundamental	119636	Write/Sign for a variety of different purposes	1	6
Fundamental	119635	Engage in a range of speaking/signing and listening interactions for a variety of purposes	1	6

Module: The supply chain role in the transport industry (37credits)

US Type	US ID	US Title	Level	Credits
Core	252249	Explain the role of transport logistics	1	2
Elective	252264	Prepare freight for storage	1	2
Elective	252261	Prepare freight for transportation	1	4
Elective	114891	Count stock for a stock-take	2	5
Elective	117898	Move, pack and maintain stock in a distribution centre/warehouse	2	12
Elective	117899	Pick stock in a distribution centre/warehouse	2	12

Module: Health and Safety (18 credits)

US Type	US ID	US Title	Level	Credits
Core	252250	Apply fire fighting techniques	1	3
Core	119567	Perform basic life support and first aid procedures	1	5
Core	252255	Utilise layout signs and signal communications in the transport industry	1	4
Core	252279	Explain occupational health and safety within the transport industry	2	6

Module: Life Skills (43 credits)

US Type	US ID	US Title	Level	Credits
Core	14656	Demonstrate an understanding of sexuality and sexually transmitted infections including HIV/AIDS	1	5
Core	110254	Understand chemical dependency and apply personal health care	1	3
Elective	15091	Plan to manage one`s time	1	3
Elective	120313	Investigate work opportunities in order to make a personal employment or work decision	2	2
Elective	252259	Plan, organise and manage own activities in the organisation	1	2
Elective	120308	Apply knowledge of self in order to make a personal decision	2	3
Fundamental	119631	Explore and use a variety of strategies to learn	1	5
Fundamental	119373	Describe and represent objects in terms of shape, space and measurement	1	5
Fundamental	119368	Describe, interpret and represent mathematical patterns, functions and algebra in different contexts	1	6
Fundamental	119364	Evaluate and solve data handling and probability problems within given contexts	1	5
Fundamental	119362	Work with numbers; operations with numbers and relationships between numbers	1	4

Duration

1220 notional hours of learning of which 854 hours is spent on site and in acquiring practical workplace experience.
